

# 2020 WaterWise

## REBATE PROGRAM

### CITY OF CHANHASSEN

### What is it?

The City of Chanhassen is offering rebates for the purchase of WaterSense certified toilets and smart irrigation controllers and for EnergyStar labeled clothes washers. Residents can submit a rebate application along with copies of receipts to receive money back on their purchases. Available rebates: \$50 per toilet, \$100 per clothes washer, or \$100 per smart irrigation controller.

### Who can apply?

Any resident who owns a home in Chanhassen. Rebate eligible products must replace already existing toilets, controllers, and clothes washers in the Chanhassen home.

### What products are eligible?

Any toilet or smart irrigation controller purchased in 2020 that is WaterSense Certified. This designation makes it easy to find and select water-efficient products that can help your wallet and the environment. Look for products bearing the WaterSense label. WaterSense labeled products are backed by independent, third-party certification and meet EPA's specifications for water efficiency and performance. When you use these water-saving products in your home, you can expect exceptional performance, savings on your water bills, and assurance that you are saving water for future generations.

Clothes washers labeled with the ENERGY STAR rating are eligible. ENERGY STAR certified clothes washers deliver superior efficiency and performance by incorporating advanced features - using 25% less energy and 33% less water.

### How to apply for a rebate?

Fill out a rebate application and submit it to the city with a copy of your receipt that clearly shows the make and model of the product. Applications can be found on the city's website or can be picked up at city hall. Completed applications can be mailed or dropped off at city hall. Rebate checks will be mailed directly to you. There is a limit of one rebate per product per household. Rebates will be issued while funding is available. Rebates are first-come, first-served.
